

Please take a moment to read about our great Lebanese community!

It was our pleasure to watch all four of our Dabke group at the 30th International Festival. In 1986 parents of the Dabke groups were dancing on a small stage, today their kids are proudly representing Lebanon while they man the food and cultural booth. (see pictures below)

We also enjoyed meeting the *one and only* Zeina Daccache, truly a respected and talented producer who is known for shedding light on the forgotten faces. Thank you MK Center for making her visit and many other interesting visitors possible. (see pictures)

Arabic classes are going great and we are glad to see so many families become friends while their children are learning.
